ANNEX 1

Reference	SIHLWA 6
Title	Scope and purpose of the NDPHS SIHLWA EG (06-08-2008)
Submitted by	SIHLWA Coordinating Chairman
Summary / Note	-
Requested action	For information

PART 1.

As stipulated in the SIHLWA Terms of Reference provided by the Northern Dimension Partnership in Public Health and Social Wellbeing (NDPHS) governing bodies and as indicated in the SIHLWA Annual Action Plan for 2008, the Expert Group on “**Social Inclusion, Healthy Lifestyles & Work Ability**” (“**EG on SIHLWA**”) will organize its 6th meeting 30 September (Tuesday, starting at 9.00) – 1 October (Wednesday, finishing at 17:00) 2008 in Oslo/Norway.

This meeting will be exceptional from the point of view that all NDPHS Experts Groups [1) HIV/AIDS, 2) Primary Health Care, 3) Prison Health, and 4) Social Inclusion, Healthy Lifestyles & Work Ability/”SIHLWA”] will have their meetings at the same time at the same place. Also the NDPHS Associated Expert Groups [5) CBSS Working Group for Cooperation on Children at Risk (WGCC) and 6) Baltic Sea Network on Occupational Health and Safety (BSN)] have been invited to participate and hold their own meetings as feasible. It is primarily foreseen that the Expert Groups should have their own ordinary meetings as usual, but being together allows for some joint activities. The purpose is to meet and to get a better picture of the Partnership as a whole, to learn from each other’s experiences, and to discuss ongoing and future activities. It is also foreseen that experts will explore possibilities and commitment for collaboration on crosscutting themes in order to achieve further cross-fertilization and strengthening of collaboration

The meeting is sponsored by the Ministry of Health and Care Services of Norway and will be organized at Rica Holmenkollen Park Hotel just outside Oslo. For details see “practical information for the participants” at:
http://www.ndphs.org/?mtgs.sihlwa_6_oslo

The venue is familiar to those SIHLWA members who participated at the SIHLWA-5 meeting last March held at the same place. Kindly confirm your participation by means of the on-line registration form which is available at
http://www.ndphs.org/?register,mtgs.sihlwa_6_oslo. Please note that this form requires that you provide several pieces of information, which is essential for the Local Organizers to be able to assist the participants in organizational matters, and for this reason it needs to be submitted **no later than August 27, 2008**

Should you have any enquiries about the meeting from the SIHLWA Expert Group's point of view, you are welcome to contact SIHLWA Coordinating Chair Mikko Vienonen (m.vienonen@kolumbus.fi, Tel-GSM: +358-50-4421 877) or newly appointed SIHLWA Expert Group International Technical Advisor (ITA) Ms Hanna Koppelomäki (hanna.koppelomaki@ktl.fi

Tel-GSM +358-50-3808540). On questions concerning the SIHLWA sub-group you are a member of (ADO, ALC or OSH), you can also be in contact with the respective sub-group chairs and/or co-chairs (see below).

The participants of this EG SIHLWA meeting as before would consist of public health experts nominated by the different member countries of the partnership. Affiliated international public health agencies like WHO, ILO, etc. are also invited to send their experts. Additionally, public health institutes and relevant NGOs in respective countries are welcome to participate. We expect that approximately 40 people would be present under the SIHLWA umbrella.

This invitation has been sent to all persons listed in the annexed SIHLWA membership table (see **ANNEX 1**). You will see that from each SIHLWA member-country and member-organization in every sub-group their regular members and his/her alternates are listed. Should the listed regular member be unable to attend at the SIHLWA-6 meeting, we encourage you to be active in contacting your alternates – or vice versa - in order to have full participation from each member-country/ organization for each sub-group. Note also that SIHLWA Expert Group usually welcomes participation of both members, alternates and ad-hoc participants, if the availability of funding and size of the meeting place and accommodation can permit.

According to the agreed rules of NDPHS and its Expert Groups, member countries/ organizations are expected to take care of their representatives' travel expenses to the meeting and of hotel accommodation during the meeting. The host country will provide the necessary meeting facilities and meals. In **ANNEX 2** (also available in NDPHS website at: <http://www.ndphs.org/?partners>) you will find a list of NDPHS Senior Representatives in each Partnership country/ organization. You are encouraged to discuss matters concerning your participation (status, funding, alternates, etc.) with your country's/ organization's representative in the NDPHS Committee of Senior Representatives.

PART 2.

The **EG SIHLWA** consists of 3 sub-groups:

1. **Subgroup on Adolescent Health and Socially-Rewarding Lifestyles** (Chair Mikko Vienonen²/ SIHLWA Coordinator, Co-chair Dr. Aldona Jociute³, Head of Bureau for Health Promoting Schools of State Environment Centre of Lithuania);
2. **Subgroup on Alcohol** (Chair Kari Paaso⁴/WHO-EURO, Co-chair Evgeny Krupitsky⁵/Department of Addictions Research Laboratory, Leningrad Regional Center of Addictions);
3. **Subgroup on Occupational Safety and Health (OSH)** (Chair Wiking Husberg⁶/ ILO-Russia, Co-chair Remigijus Jankauskas⁷/ Institute of Hygien/MoH/ Lithuania)

As usual, this 6th SIHLWA meeting will have all three sub-groups (see above) coming together, and the program will consist of joint sessions and individual sub-group sessions as indicated in attached proposed provisional program. But exceptionally this time we will also have **a third level, consisting of plenaries and contacts with other NDPHS Expert Groups** as indicated above. This will add an exciting and special flavour to this meeting.

A) ISSUES ARISING FROM THE SPECIAL ARRANGEMENT IN OSLO in September when all NDPHS Expert Groups are holding their meeting together:

It is expected that the joint plenaries with all Expert Groups together will aim to increase our understanding of each other and the overall aims of the Northern Dimension Partnership in Public Health and Social Wellbeing as a whole. The existing EG fact-sheets (available at: http://www.ndphs.org/?folder_and_factsheets) provide in English (and soon also in Russian) good general information which does not need to be repeated. Therefore, at the first joint plenary of all Expert Groups, after a short introduction, each group is expected to provide a short commentary on:

- “What could my EG (SIHLWA in our case) do/ offer for the other Expert Groups”, and
- “What would my EG (SIHLWA in our case) wish from other Expert Groups”

In order to be able to speak on behalf of all SIHLWA members, you will receive before the meeting a questionnaire from SIHLWA Chair and ITA asking for your views on collaboration with other Expert Groups.

Taking note from the presentations, SIHLWA Expert Group would eventually discuss this topic at our own SIHLWA-specific plenary combining the ADO, ALC and OSH sub-groups. The meeting would provide thoughts to be raised on our part at the second joint plenary of all Expert Groups, where the feed-back would take place in the form of a round table discussion in “tour-de-table” format. It would be followed by a facilitated general discussion where all participants including the audience will be encouraged to take part.

² m.vienonen@kolumbus.fi

³ aldona.jociute@takas.lt

⁴ kpa@euro.who.int

⁵ kru@ek3506.spb.edu

⁶ husberg@ilo.org

⁷ jank@dmc.lt

After this second joint plenary of all Expert Groups, time allowing there could still be opportunity to organize informal “ad hoc” meetings with groups who have identified some common ground for further collaboration and indicated their willingness to explore and elaborate the ideas further.

B) SIHLWA BUSINESS AS USUAL:

Common SIHLWA topics to be discussed with all three sub-groups together will include:

- **Short feed-back from all SIHLWA sub-groups (ADO, ALC, OSH) with special emphasis on the overall meeting theme: “Collaboration with other NDPHS EGs”.**
- Reviewing the draft SIHLWA progress-report for 2008 and discussing the lessons learned from our past experience, strengths and weaknesses (including status of joint projects listed in the Action Plan such as: SIHLWA Stakeholder Analysis, Potential Years of Life Lost (“PYLL”) analysis for NW-Russia, and “Life at Stake”/ Russia (“Na konú – Zhizn”).
- Discussing the new 2009 SIHLWA Action Plan which will be submitted to the Committee of Senior Representatives (CSR-15) and Partnership Annual Conference (PAC-5) in Ottawa 19-21 November 2008 for approval
- Reporting on the CSR-13 meeting (21-22 April 2008 Brussels/ Belgium) and CSR-14 meeting (23-24 September 2008 Bad Neuenahr/ Germany) conclusions.
- Update on the NDPHS Database project:
- Update on the NDPHS project pipe-line and how it can relate to SIHLWA activities.
- Continuing work on strengthening links with main partners (especially WHO-EURO, ILO/Russia, and national actors on NCDs and healthy lifestyles).
- Strengthening collaboration with the NDPHS Secretariat in Stockholm.
- Any other business suggested by SIHLWA members.

Following the recommendations of previous meetings, sufficient working time will be allocated to three sub-groups, namely 1) Adolescent health and social well-being, 2) Alcohol, and 3) Occupational health & safety to elaborate on their own ongoing projects and country specific work:

ADO: The subgroup on adolescent health and socially-rewarding lifestyles will:

- Innovate on **collaboration** and project opportunities and ideas between ADO and other NDPHS Expert Groups and SIHLWA sub-groups, as indicated in the general scope & purpose of the meeting.
- Discuss the **implementation of thematic report on ADO for NDPHS Data-base project** to compile a profile on youth’s health behaviour and on existing policies targeted at youth’s health at north-west Russia and Northern Europe. This “Northern dimension youths health profile” would comprise information on youths (10-25 year olds) substance misuse and other risk behaviour, such as sexual behaviour and nutrition
- Review the progress of NCM and Finland funded project on “**Alcohol and Drug Prevention among Youth in St. Petersburg**” which started in November 2007 and has funding secured until end of 2009.
- Continue discussion on programmes/projects **further elaborating on social inclusion/exclusion** along the lines brought up and discussed at SIHLWA-5 in Oslo in March (“Friends for Life” –type projects in schools).
- Innovate on other new project opportunities and ideas as time will allow.

ALC: The subgroup on alcohol will:

- Innovate on **collaboration** and project opportunities and ideas between ALC and other NDPHS Expert Groups and SIHLWA sub-groups, as indicated in the general scope & purpose of the meeting.
- Discuss the content of **thematic report on ALC for NDPHS Database project and focus on brief intervention-related questions**. In Finland, Norway and Sweden, for instance, the report could give an overall view of past and present efforts to disseminate brief intervention, of the results of such efforts and, depending on the availability of data, on the size of the population that could benefit from brief intervention and support for controlled drinking. In countries where brief intervention is still a novelty, the report could focus for instance on potential partners for co-operation, existing materials and resources, and on the data available to estimate the size and nature of the target population. The Country Profile Questionnaire developed in the PHEPA project could be used where applicable.
- Update on project planning and feasibility of **Prevention of Hazardous & Harmful Use of Alcohol: Early Identification and Brief Intervention "EIBI"**. Early identification/brief intervention is an effective tool for the prevention of harmful drinking which makes use of a relatively well-established infrastructure and communication channels. Report of the work done in Saint Petersburg after SIHLWA-5.
- Update plans and programme for **seminar on EU law on alcohol control and assessment of its impact on national alcohol policy consideration**.
- Innovate on other new project opportunities and ideas as time will allow.

OSH: The subgroup on occupational safety and health will:

- Innovate on **collaboration** and project opportunities and ideas between OSH and other NDPHS Expert Groups and SIHLWA sub-groups, as indicated in the general scope & purpose of the meeting.
 - Feed-back and conclusions to be made of responses on the enquiry made about the **NDPHS Strategy on Health at Work** with agreement by the NDPHS CSR-13 meeting (Brussels, April 2008) the enquiry was sent to the relevant ministers and other counterparts asking for information on what each country is planning to do to implement the NDPHS Strategy.
 - Review the progress of the ILO NW Russia OSH project and the plans of an occupational health study in the transport sector in selected countries.
 - Follow-up of a project proposal on the development of **OSH in the Public Transport Sector in the Baltic Countries**.
 - Further elaboration of **thematic national reports on OSH** in selected countries.
 - Innovate on other new project opportunities and ideas as time will allow.
-

There will be simultaneous English – Russian interpretation for all plenary sessions. Thematic meetings may not all be able to provide simultaneous interpretation. However, all SIHLWA plenary meetings will have English - Russian interpretation and, tentatively, also at least meetings of one sub-group with most Russian speakers participating. Additionally, through ad hoc arrangements participation in both languages will be facilitated as much as possible.

A-2	2008 SIHLWA members’ individual activities and accomplishments	13
A-3	NDPHS/ SIHLWA members	14

¹⁰ This Annual Progress Report was updated on 01 October 2008 and the final version will be revised as by 31 December 2008 in due course.

¹¹ Northern Dimension Partnership in Public Health and Social Wellbeing

¹² SIHLWA = Expert Group on **S**ocial **I**nclusion, **H**ealthy **L**ifestyles & **W**ork **A**bility

1. SIHLWA leadership and coordination

1.1 SIHLWA Lead Partner(s) and Co-Lead Partner(s)

<p>SIHLWA's "Lead Partner": Ministry of Social Affairs & Health P.O. Box 33 , FI-00023 Government, FINLAND Focal point 1 Jan – 31 July 2008: Mr Olli Kuukasjärvi, Ministerial Adviser E-mail: Olli.kuukasjarvi@stm.fi Focal point 1 Aug. – 31 Dec. 2007: Liisa Ollila, Ministerial Adviser E-mail: liisa.ollila@stm.fi Phone: +358 9 160 73889 Fax: +358 9 160 73296</p>	<p>SIHLWA's "Co-Lead Partner": Ministry of Health/ Lithuania Focal point: Ms Virginija Ambrazevičiene Chief Officer of Foreign Affairs Division Ministry of Health Vilnius 33, LT-01506 Vilnius, LITHUANIA Phone: +370 526 047 19, Fax: +370 526 614 02 E-mail: virginija.ambrazeviciene@sam.lt</p>
---	--

1.2 SIHLWA technical management support

<p>SIHLWA Expert Group due to its structure of 3 sub-groups has decided to have a Coordinating Chairman for the whole group.</p> <p>The position of Coordinating Chairman was held since the beginning of SIHLWA's existence (Nov. 2005) by:</p> <p>Dr Mikko Vienonen Consultant in International Public Health, M.D., Ph.D. e-mail: m.vienonen@kolumbus.fi GSM: +358-50-442 1877 Address: Sysimiehenkuja 1, 00670 Helsinki, Finland</p> <p>International Technical Advisor for the whole group was selected and nominated in April 2008. This position was held for the remaining time of 2008 by:</p> <p>Ms Hanna Koppelomäki Co-ordinator for Neighbouring Area and Northern Dimension Partnership Projects - Department of Health Promotion and Chronic Disease Prevention - National Public Health Institute (KTL) e-mail: hanna.koppelomaki@ktl.fi GSM: +358-50-3808540; Tel. +358-9-4744 8327; fax. +358-9-4744 8980 Address: KTL, Mannerheimintie 166, 00300 Helsinki, Finland</p>
--

The *EG SIHLWA* consists of 3 sub-groups:

- Sub-group on adolescent health and socially-rewarding lifestyles
- Sub-group on alcohol
- Sub-group on Occupational Safety & Health

Each sub-group have their own functionaries

1) *Sub-group on alcohol*¹³

Chairperson (acting)	Co-chairperson
-----------------------------	-----------------------

¹³ for alcohol sub-group the Chair in principle was expected to be identified from WHO-EURO cosponsoring the sub-group. Temporarily since January 2007 the group has been chaired by Mr Kari Paaso (former technical adviser on alcohol for WHO-EURO). In 2008 EURO was still not able to select a successor for Mr Paaso. In the future the chairmanship is expected to return to WHO and Mr Paaso would continue as partner country nominee in the group.

<p>Mr. Kari Paaso Senior Expert kari.paaso@stm.fi Ministry of Social Affairs & Health/Finland P.O. Box 33 , FI-00023 Government, FINLAND GSM: +358-50-565 837</p>	<p>Dr. Evgeny Krupitsky Chief, Department of Addictions kru@ek3506.spb.edu Research Laboratory, Leningrad Regional Center of Addictions Novo-Deviatkino 19/1 Leningrad Region 188661, RUSSIA Tel/Fax: +7-812-296 9905</p> <p>Co-chairperson¹⁴ Ms.Magdalena Pietruszka Senior Officer, The State Agency for Prevention of Alcohol-related Problems (PARPA) <i>address and phone to be added</i> Warsaw, POLAND Magdalena.pietruszka@parpa.pl</p>
---	--

2) Sub-group on adolescent health and socially-rewarding lifestyles

<p>Chairperson¹⁵ Dr Mikko Vienonen m.vienonen@kolumbus.fi Sysimiehenkuja 1, 00670 Helsinki, FINLAND GSM +358-50-442 1877</p>	<p>Co-chairperson Dr Aldona Jociute Co-Chairperson of sub-group ADO Head of Bureau for the Health Promoting Schools State Environment Health Centre Kalvariju 153, LT-08221 Vilnius, Lithuania Phone: + 370 5 236 0496, Fax: + 370 5 273 7397 E-mail: aldona.jociute@takas.lt</p>
---	--

3) Sub-group on occupational safety and health¹⁶

<p>Chairperson Mr. Wiking Husberg Senior OSH Specialist e-mail: husberg@ilo.org ILO, Subregional Office for Eastern Europe and Central Asia, RUSSIA Petrovka 15, 107031 Moscow, Russian Federation Tel. work: +7-495-933 0827 Fax.: +7-495-933 0827</p>	<p>Co-chairperson Dr. Remigijus Jankauskas Director of Occupational Medicine Center e-mail: jank@dmc.lt Institute of Hygiene under the Ministry of Health Didzioji 22, 01128 Vilnius, LITHUANIA Phone: + 370 5 212 19 69 Fax: +370 5 212 18 10</p>
--	---

1.3 Financial resources for leadership

Funding for SIHLWA part time coordinating chair (consultative basis) is provided by the MoSA&H/ Finland. Additionally, travel of SIHLWA functionaries to necessary administrative meetings (e.g CSR, Chairs and ITAs meetings, etc.) are covered by the Lead Partner. In April 2008 the Ministry of Social Affairs & Health/ Finland recruited long awaited International Technical Advisor “ITA” on part time basis for SIHLWA. She is also responsible to assist the MoSA&H on “neighboring area” cooperation project coordination and issues related to NDPHS data-base and project pipe line.

Also participants to SIHLWA expert group meetings are to some extent covered by the MoSA&H/ Finland budget allocation to SIHLWA, such as Finnish national experts’ participation, and expenses of certain key-note speakers and some Russian and eventual Belarussian participants.

¹⁴ Ms. Pietruszka was selected as a new co-chair for the ALC sub-group in October 2008 in the 6th SIHLWA meeting.

¹⁵ N.B. Mikko Vienonen had a double role in SIHLWA: In addition to acting as Coordinating Chair for the whole SIHLWA EG, he also was selected as Chair of the ADO sub-group.

¹⁶ for OSH sub-group the Chair in principle identified from ILO cosponsoring the sub-group.

Presently, SIHLWA leadership (Coordinator and ITA) functions have been allocated directly from MoSA&H budget, and the Coordinating Chair has not been a “fund holder” of this allocation. It needs to be discussed in CSR as to how detailed the Lead Partners are willing to report on their budget and its implementation.

2. Partner participation in Expert Group activities

In 2008 the 5th SIHLWA Expert Group met in Oslo 6-7 March. All three sub-groups were present and altogether 45 persons attended (ADO 16, ALC 12 and OSH 14). The report of the 5th SIHLWA meeting (as well as reports of all previous meetings) is available on www.ndphs.org/meetings/SIHLWA.

The 6th Expert Group met again in Oslo 30 September – 1 October. It was held as a joint meeting with all three other NDPHS EGs (HIV/AIDS, PHC and Prison Health) and two associated expert groups namely CBSS Working Group for Cooperation on Children at Risk (WGCC) and the Baltic Sea Network on Occupational Health and Safety (BSN). All three SIHLWA sub-groups were present and altogether 26 persons attended (ADO 10 ALC 12 OSH 4). The report of the 6th SIHLWA meeting when finalized will be available on www.ndphs.org/meetings/SIHLWA.

2.1 Participation of Partners in SIHLWA meetings

Partners are invited to nominate participants to the biannual SIHLWA meetings, always without exception bringing together all three sub-groups. It is very important to have all Partner Countries and relevant organizations who have indicated their interest to participate¹⁷ to do this nomination.

In the attached table one can see the present situation after four SIHLWA meetings, aiming to illustrate how different partner countries and organizations having sent their representatives to previous SIHLWA meetings (1st Stockholm, 2nd Helsinki, 3rd Vilnius, 4th Helsinki, 5th Oslo, 6th Oslo)

¹⁷ in 2008 only Denmark and Iceland have explicitly indicated that they would not desire to send representatives to SIHLWA EG. Therefore, unless otherwise informed, SIHLWA secretariat will not send invitation letters to them.

¹⁸ (Nordic School of Public Health/ Gothenburg/ Sweden)

See ANNEX 3 for updated SIHLWA membership table

2.2. EG project-based activities

Implemented in 2008 :

- SIHLWA-OSH sub-group: Thematic report on OSH for NDPHS Data-Base finalized in 2008 and placed on the NDPHS data-base.
- Facts-sheet prepared for SIHLWA EG in English and in Russian and were placed on the NDPHS data-base.
- Facts-sheet prepared for SIHLWA OSH-sub-group in English and in Russian and were placed on the NDPHS data-base.
- Potential Years of Life Lost (“PYLL”) assessment in Karelia, Pitkaryanta)

Projects on-going in 2008:

- **A&DPrevY-SPb phase 1:** NCM, Russian Federation (St. Petersburg), Finland and Sweden: Alcohol and drug prevention among youth 1st phase to end in Dec. 2008. Additional component with direct funding from MoFA/ MoSA&H/Finland to channel international expertise to the A&DPrevY-SPb project
- **A&DPrevY-SPb phase 2:** MoFA/ MoSA&H/Finland, Russian Federation (St. Petersburg),: Alcohol and drug prevention among youth 2nd phase to start in Sept. 2008 -> 2009;
- **EIBI Hazardous & harmful use of alcohol: Early Identification and Brief Intervention Feasibility project SPb & Leningrad Obl.:** March –October 2008

OSH :

- **ILO NW Russia OSH project** 2nd phase (2007-09): Improved OSH systems (five active regions)
- **FIOH project:** Implementing the “Health at Work” strategy in NW Russia (2008-09), main focus on Karelia, including profiles, programmes, Basic Occupational Health Systems (BOHS) and Barents Newsletters
- **Regional OSH profiles** in preparation in four NW Russia regions
- **Situational analysis:** Questionnaire to Member States concerning the implementation of the “Health at Work” Strategy

Projects beginning in 2008 :

- **SIHLWA Stakeholder Analysis** September 2008 (starting): St Petersburg, Leningrad Obl., Republic of Karelia, Murmansk.

Projects still in planning in 2008:

- **Facts-sheet for SIHLWA ADO** sub-group in English and in Russian.
- **Facts-sheet for SIHLWA ALC** sub-group in English and in Russian.
- **EIBI:** Hazardous & harmful use of alcohol: **Early Identification and Brief Intervention** “EIBI”. Possible regions/countries for implementation: St. Petersburg City (will be agreed upon with the St. Petersburg City Health Committee). Other potential candidates: Leningrad Obl., Republic of Karelia, Murmansk, Cherepovets city /Vologda Obl., Arkhangelsk, Republic of Komi, Nenets Autonomic Area. Potential funders (tentative): Finland, Norway, EC, others?
- **“PYLL” – analysis** for the Republic of Karelia and/or Vologda/ Cherepovets city
- **“Life at Stake”** (“Na konu zhizn”) TV programme on healthy lifestyles’ impact on individual people. [This project idea is running late due to time resource shortages].
- Implementing the **“Health at Work” strategy** in other countries.

3. Action taken to implement the Expert Group’s annual Work Plan

- **January - March:** Preparation for the 5th SIHLWA EG meeting in Oslo 6-7/3/2008

- **January:** Finalization of report and “Call for Action” of Conference on non-communicable disease prevention in SPb (11-12/12/2007 funded by NCM under Chairmanship of Finland). Report of the conference including PP-presentations is available on www.ndphs.org ->SIHLWA.
- **January:** ADO/ Coordinating Chair and A&DPrevY advisory group mission to St. Petersburg to discuss the launching of 2nd phase of project on alcohol and drug prevention among youth together with SPb Public Health Committee and local IAC- and 3 other NGOs.
- **January 24th-25th :** Coordinating Chair mission to Vologda Oblast (Cherepovets) in North-West Russia to participate in Healthy City Conference on the Promotion of Healthy Lifestyles providing key note presentation on the best European practice in prevention of unhealthy habits among young people
- **February:** Finalization of the report of 4th SIHLWA EG meeting in Helsinki in 2007. Report of the meeting was approved at the SIHLWA 5th meeting in Oslo and is available (including PP-presentations) on www.ndphs.org ->SIHLWA.
- **March:** 5th SIHLWA EG meeting in Oslo 6-7/3/2008.
- **March:** ADO/ Positive decision on the funding (MoFA/MoSA&H/Finland) of 2nd phase of project on alcohol and drug prevention among youth in SPb (81.000 €) for 2008 – 2009).
- **March:** ALC/ Through NDPHS PROJECT PIPELINE positive decision on the funding (MoFA/MoSA&H/Finland) of EIBI Feasibility project (“Early Identification & Brief Intervention on Hazardous & Harmful use of Alcohol) in SPb and Leningrad Oblast
- **March – October:** Participation in the EIBI- feasibility project (81.000€) implementation in SPb, including participation in planning seminars management team and steering committee meetings in April, June, July and in September. Implementation by SAKES/Finland & MAPS/SPb and strong expert support from SIHLWA-ALC sub-group.
- **April – June:** Finalization of the report of 5th SIHLWA EG meeting in Oslo in March 2008. Report of the meeting was approved at the SIHLWA 6th meeting in Oslo and is available (including PP-presentations) on www.ndphs.org ->SIHLWA.
- **April:** SIHLWA ADO, ALC & OSH/ Through NDPHS PROJECT PIPELINE positive decision on the funding (MoFA/MoSA&H/Finland) of Stakeholder analysis study-project on SIHLWA-related actors in NW-Russia (57.000 €) 2008 – 2009). Analysis planned to start in autumn (September 2008).
- **April 21st-23rd:** Coordinating Chair participation in the 13th CSR meeting and in the NDPHS data-base project steering group meeting in Brussels/Belgium hosted by EUC. This meeting was preceded by the meeting of the NDPHS Database & Project Pipeline project.
- **April - September:** Preparation for the 6th SIHLWA EG meeting in Oslo 6-7/3/2008
- **May 10th -12th :** ALC/Seminar on ”Implementing Brief Intervention in Welfare and Health Services in the Nordic Countries - Research Based Experience, Copenhagen.
http://www.nad.fi/pdf/briefint_programme_May.pdf
- **May 15th-16th :** ALC/ **The Clarion Declaration.** positioning of science and policy in relation to the alcohol industry. There is an inherent incompatibility between protecting the public from the harm done by alcohol and the alcohol industry’s requirement to maximize profit by promoting the sale and consumption of its products. http://www.alkoholpolitik.ch/internet/eurocarenews1085_6.doc
- **May 24th:** ALC/ **The 61st World Health Assembly** resolution on Strategies to reduce the harmful use of alcohol, 24 May 2008. http://www.who.int/substance_abuse/activities/globalstrategy/en/index.html
- **May 19th:** Coordinating Chair attended on the request of NDPHS secretariat to seminar on Canada’s and Europe’s Northern Dimension and presented a paper on “**Circumpolar health needs and Northern Dimension Partnership in Public Health and Social Wellbeing**” (to be published in seminar proceedings).
- **May:** SIHLWA Coordinating chair prepared and implemented together with Finnish Consulting Group/ Efeko for Republic of Karelia and Vologda oblast representatives/ N-W Russia a 5 days’ study tour to Finland to review the administrative and monitoring possibilities the methodology on

measuring the impact of NCD prevention by the “potential years of life lost” (PYLL) 19 – 23/5/2008. Pilot analysis of PYLL for Republic of Karelia/ Pitkyaranta was made and discussions to continue with a full PYLL-analysis in Karelia and Vologda are ongoing.

- **May – August:** Briefing of SIHLWA ITA (Hanna Koppelomäki) into practical EG secretarial functions. Visit of coordinating Chair and ITA to NDPHS Secretariat in Stockholm 18 August.
- **August – November:** Preparation for the PAC post-meeting 20-21 November in Ottawa on “**Health of Indigenous and Remote Northern Communities**”.
- **September 16th:** ALC/ Addiction prevention day/ Finland (SIHLWA partner TEKry NGO) opinion survey on alcohol policy in Finland published.
http://www.tekry.fi/index.php?page=toi_pai_paihdepaivat2008_tiedotus
- **September 23rd-24th:** Coordinating Chair & ITA participation in the 14th CSR meeting and in the NDPHS data-base project steering group meeting in Bad Neuenahr/Germany. This meeting was preceded by the meeting of the NDPHS Database & Project Pipeline project.
- **September 29th:** Coordinating Chair and ITA attended the 7th Chairs’ and ITAs’ meeting in Oslo, Norway (note: Coordinating Chair was unable to attend the previous 6th Chairs’ and ITAs’ meeting in Brussels 13/3) .
- **September-October:** 6th SIHLWA EG meeting in Oslo 30/9-1/10/2008. (meeting was held together with other NDPHS EGs and associated EGs) focusing on mutual collaboration.
- **September – December:** ADO/ Preparation of “NDPHS adolescent health profile thematic paper for the NDPHS Data-base.
- **September – December:** ALC/ Preparation of “NDPHS alcohol profile thematic paper for the NDPHS Data-base.
- **October 10th -12th :** ALC/ **Conference:”Alcohol, drugs and harm to others. Victims are part of the solution”**, Tallinn, Estonia, 10 - 12 October 2008. The upcoming seminar is organised by the Nordic Alcohol and Drug Policy Network NordAN. <http://www.nordan.org/conference2008/default.asp>
- **October 22nd -23rd :** SIHLWA Coordinating Chair and ITA participation in 10th DNI MEDITSINIY KARELII/ Petrozavodsk (Medical Conference in Karelia) presenting the analysis of PYLL in Karelia and analyzing the potential of the methodology to strengthen and focus preventive work of NCDs (especially alcohol and tobacco related causes).
- **October-December:** Finalization of the report of SIHLWA-6 EG meeting in Oslo 2008. Report of the meeting was approved at the SIHLWA 6th meeting in Oslo and is available (including PP-presentations) on www.ndphs.org ->SIHLWA.
- **October – December:** Preparation and finalization of SIHLWA Annual Progress Report 2008.
- **October – December:** Preparation and finalization of SIHLWA Annual Action Plan 2009.
- **November 19th -21st :** Participation of SIHLWA Coordinating Chair and ITA in PAC-5 conference in Ottawa 19/11 and the PAC post-meeting 20-21 November in Ottawa on “Health of Indigenous and Remote Northern Communities”.
- **November –December -> 2009:** Preparation for the 7th SIHLWA EG meeting in ?
- **December 3rd -4th :** ALC/ **Seminar: “Impact of international trade agreements and EU internal market legislation on national alcohol, public health and social policies” in Latvia** (jointly by the Norwegian Ministry of Health and Care Services and the Nordic Centre for Alcohol and Drug Research (NAD), in association with SIHLWA, and possibly in co-operation with the Nordic Council of Ministers' office in Latvia.
- **December (during most of year 2008):** In Russia (MoH&SD)preparation of Federal healthy lifestyles program to be launched in 2009.

4. Other activities

[to be added if feasible]

ANNEX 9

Reference	SIHLWA 6/2/3-d
Title	NDPHS SIHLWA EG Draft Action Plan for 2009
Submitted by	SIHLWA Coordinating Chairman & ITA
Summary / Note	This proposed Action Plan for 2009 summarizes the actions proposed to be taken by the SIHLWA EG during 2009 and estimates their approximate expenses
Requested action	for implementation

SIHLWA¹⁹ Action Plan 2009

1. Introduction

Following the recommendation made by the Oslo Ministerial Conference of Northern Dimension Partnership²⁰ in Public Health and Social Wellbeing (2003), new Expert Group on “**Social Inclusion, Healthy Lifestyles & Work Ability**” (“**EG SIHLWA**”) was established in 2005. It held its 1st meeting in Stockholm in November 2005, where Finland and Lithuania pledged financial support for its operation. The 2nd meeting of the Expert Group was held in Helsinki 16-17 May 2006, the 3rd meeting in Vilnius 30 November -1 December 2006, the 4th meeting in Helsinki 29-30 May 2007, the 5th meeting in Oslo 6-7 March 2008 and , the 6th meeting in Oslo 30 September -1 October 2008.

The EG SIHLWA consists of 3 sub-groups:

- Sub-group on adolescent health and socially-rewarding lifestyles [ADO]
- Sub-group on alcohol [ALC]
- Sub-group on Occupational Safety & Health [OSH]

We know already a lot about the epidemiological changes of unhealthy lifestyles and what will be the consequences to population health. The message is clear: all our countries are already in public health crisis and it is getting worse. Unhealthy lifestyles are not a natural catastrophe but a man-made problem. It can also be reversed by man-made policies and practical measures. It will require strong political action supported by integrated action by health-, social-, education- and other sectors. New innovation, holistic approach, and international collaboration will be needed, where the NDPHS Expert Group on Social Inclusion, Healthy Lifestyles and Work Ability (“SIHLWA”) will act as catalyst through:

- Bringing together key stakeholders from the core health constituencies within the health system and broader society, including those other government sectors whose policies impact on health;
- Carrying out situational analyses, assessing the size of the problem and identifies the priority areas for action;
- Evaluating what is already in place, strengths and weaknesses, and identifies current gaps;
- Strengthening international, bilateral and multilateral cooperation by further developing alliances for advocacy and action on non-communicable diseases which unites major international players in Europe, including intergovernmental organizations, NGOs and others;

¹⁹ SIHLWA = Expert Group on **Social Inclusion, Healthy Lifestyles & Work Ability**

²⁰ NDPHS consists of following members: 5 Nordic countries, 3 Baltic States, Russian Federation, Poland, Germany, France, Canada, Nordic council of Ministers, Council of Baltic Sea States, Barents Sea Collaboration, WHO, ILO, IOM, UNAIDS, & Baltic Sea States Subregional Co-operation (BSSSC).

- A special challenge for this Expert Group will be how we can best benefit from the synergy that the three sub-groups will pose.
- Elaboration of viable and practical projects in NDP area.

1. Meetings:

1.1 **Two SIHLWA meetings (ADO & ALC & OSH)** together with all 3 sub-groups (tentatively February 2009 and September 2009).

1.2 **Ad hoc meetings, workshops, seminars and conferences:** the overall purpose of seminars and conferences should be to make best practices more available to a wide range of stakeholders (as opposed to a small circle of experts).

1.2.1 ADO sub-group:

- Explore possibilities for a series of planning seminars for reviewing methods for **prevention of social exclusion among school aged children** (along the lines of “Friends for Life - Prevention of emotional disorders” or “Coping-Cat”). This would be a constructive conceptual response to the NDPHS evaluation findings in 2008 that SIHLWA (and possibly other EGs as well) are too much focusing on public health issues at the expense of “social inclusion” approach.

1.2.2 ALC sub-group:

- Follow-up of the 3-4 December 2008 seminar on “Impact of international trade agreements and EU internal market legislation on national alcohol, public health and social policies” aiming to increase understanding of the functioning of international trade legislation, and of the public health and social policy considerations involved, as well as of the political interests at stake in the legislative processes. ALC-sub-group members will disseminate the experiences to other NDPHS partner countries and organizations to inform policy makers etc about the public health and social policy considerations involved in an EU membership.
- **Alcohol-related industries and prevention of alcohol-related harm: friend or foe?** Topic for a seminar that could be organized in cooperation with the ADO sub-group. Objective: to share experiences of cooperation with the industries or of dealing with industry lobbying. Ideas for planning the contents could be derived from the meeting on alcohol policy and the alcohol industry’s role, hosted by Alcohol Action Ireland in Dublin May 2008. Follow-up of the meeting organized by Nordic Centre for Alcohol and Drug Research (NAD). “The Alcohol Policy Arena: Positioning Science, Knowledge and Policy in Relation to the Alcohol Industry”, Dublin, Ireland, 15-16 May 2008. <http://www.nad.fi/pdf/Dublin%20agenda.pdf>
- **Alcohol and the family.** The effects of problem drinking on children and family life have received attention in several NDP countries. Drinking problems increase the risk of becoming a victim or perpetrator of interpersonal violence. A seminar or conference could be organised to highlight the various effects, to describe working methods and services directed to families with substance use problems, and to discuss strategies for problem prevention. This topic too could be of interest to the ADO sub-group.
- **Applying the Health in All Policies approach (HiAP) to alcohol issues at national level.** A seminar/workshop could be organised around the challenges of involving all sectors of the society in the development of public health-oriented policies on alcohol. The HiAP theme is linked with the themes of competitiveness and sustainable growth (e.g. EU’s Lisbon strategy).
- **The concept of “stepped care” or modular treatment as an approach to holistic development of treatment services.** This theme has a bearing on the implementation of screening and brief intervention for alcohol problems: appropriate treatment and rehabilitation services are needed for more serious problems. A related theme concerns the development of

systems for matching clients with levels of care. A workshop/seminar could be organized for sharing experiences of stepped care and of systems for patient referral.

1.2.3 OSH sub-group

- Plans for two joint meetings with the Baltic Sea Network on Occupational Health & Safety including dissemination and promotion of the Partnership Health at Work Strategy, specifically the preparation of national OSH profiles in selected countries. OSH-sub-group will focus on reviewing of progress of related implementation of ongoing OSH-projects, continuing and improving cooperation with international organizations in the OSH field, and developing new projects for selected countries and assisting in the search of funding for feasible projects.

2. Projects

2.1 Common for all three sub-groups

- Finalizing **SIHLWA stakeholder analysis** in Leningrad Oblast, Murmansk, St. Petersburg and Republic of Karelia (started in September 2008). Funding for through MoFA/ MoSA&H/ Finland (57.000€)
- Exploring possibilities for **expanding the stakeholder analysis** to other Russian regions and to other countries, such as Baltic States, Nordic countries and Poland, if funding can be identified.
- **Potential Years of Life Lost (“PYLL”)** continuing assessment in selected North-Western Russian regions (Karelia, Vologda?).
- **Continued efforts to explore** possibilities to implement **“Life at Stake” (“Na konu zhizn”)** popular TV-show on a Russian TV-channel in 2009. The prototype started in Finland in September 2007 on prime TV-time involving national VIP-persons such as a minister of health, trade-union leader, pop-artist, sports-figure and others. The program is entertaining, yet scientifically based and clearly demonstrates why life expectancy for many is as low as it is, and which factors (alcohol, tobacco, obesity, stress, lack of physical activity etc.) influence it and how much. Most importantly, it also can demonstrate what one can do about it and how much one can “manipulate” the length of one’s life. A challenging task is to try to transfer the concept into another setting in the NDP area but it would be worth trying. SIHLWA has good links with those who have developed the basic data for the “Life at Stake” program (National Public Health Institute/ Finland and Duodecim Association of Finnish Physicians). [involved unit: SIHLWA secretariat].
- **Following up of PAC-5** Post-meeting workshop on **“Health of Indigenous and Remote Northern Communities”**. The possibilities for a joint, holistic and innovative project under NDPHS would be carefully explored. SIHLWA’s input could be on alcohol and tobacco prevention, action against obesity, accidents and violence. Partners in this development could be all other NDPHS EGs (HIV/AIDS, PHC and PH) and Associated EGs CBSS Working Group for Cooperation on Children at Risk (WGCC) and the Baltic Sea Network on Occupational Health and Safety (BSN). Potential partner Member countries /regions could be Canada, Finland, Norway, Sweden (Lapland, Finnmarken and Norrbotten) and Russian Federation (Murmansk, Arkhangelsk, Nenets Autonomic Region, and Komi Republic)

2.2 ADO sub-group projects

- **ADO FLAGSHIP PROJECT:** Completing 2nd phase of **“Alcohol and Drug Prevention among Youth in St. Petersburg”** which started in October 2007. 1st phase has come to an end in December 2008. Funding for 2nd phase through MoFA/ MoSA&H/ Finland (81.000€)
- **Thematic report on ADO for NDPHS Data-Base project** to compile a profile on youth’s health behaviour and on existing policies targeted at youth’s health at north-west Russia and Northern Europe. This “Northern dimension youths health profile” would comprise information

on youths (10-25 year olds) substance misuse and other risk behaviour, such as sexual behaviour and nutrition. Besides statistics on prevalence of risk behaviour, report would include information on laws and their implementation, health policies and programs targeted at youth's health-behaviour in north-west Russia and in northern Europe. The already existing data would be gathered from various sources at these countries, and based on this possible gaps in policies would be identified and recommendations for actions needed pointed out. Data would be collected from various health monitoring activities, the Development of Child Health Monitoring (LATE) -project, and internationally from health monitoring systems such as Finbalt-project and WHO-EURO CINDI-Programme (Countrywide Integrated Non-communicable Disease Intervention).

- Explore possibilities for **project development for the prevention of social exclusion among school aged children** (along the lines of "Friends for Life _-Prevention of emotional disorders" or "Coping-Cat". This would be a constructive practical response to the NDPHS evaluation findings in 2008 that SIHLWA (and possibly other EGs as well) are too much focusing on public health issues at the expense of "social inclusion" approach.

2.3 ALC sub-group projects

- **ALC FLAGSHIP PROJECT:** After finalizing the feasibility project on the **Prevention of Hazardous & Harmful Use of Alcohol: Early Identification and Brief Intervention "EIBI"** by the end of 2008, follow up based on the outcome will take place. Tentatively the outcome would be a 3 year EIBI project in the range of 150.000€ per year (2009-2011). Possible regions/countries for implementation: St. Petersburg City in collaboration with the St. Petersburg City Health Committee and Social committee. Further potential candidates are Leningrad Oblast, Republic of Karelia, Murmansk, Cherepovets city /Vologda Obl., Arkhangelsk, Republic of Komi, Nenets Autonomic Area. Potential funders (tentative): Finland, Norway, Sweden, EC, and possibly others. Estonia, Latvia and Lithuania have joined the Primary Health Care European Project on Alcohol PHEPA (www.phepa.net) funded by the EU public health program and could possibly join with their own funding. Collaboration with the Nordic Center for Alcohol and Drug Research through a seminar on brief intervention, in which special attention could be given to NDP countries' interests. Project objective: to disseminate brief intervention as a method for prevention of harmful and hazardous alcohol use. Sweden and Finland in particular could report on the dissemination of early detection and brief intervention activities implemented in the health care system dating from some years back and up until today. Early identification/brief intervention is an effective tool for the prevention of harmful drinking which makes use of a relatively well-established infrastructure and communication channels we believe that the project "Prevention of hazardous and harmful use of alcohol: Early Identification and Brief Intervention (EIBI)" should proceed.
- **Thematic report on ALC for NDPHS Data-Base project and focus on brief intervention-related questions.** The reports will be of best use if designed to respond to the specific information needs existing in the respective countries. In Finland, Norway and Sweden, for instance, the report could give an overall view of past and present efforts to disseminate brief intervention, of the results of such efforts and, depending on the availability of data, on the size of the population that could benefit from brief intervention and support for controlled drinking. In countries where brief intervention is still a novelty, the report could focus for instance on potential partners for co-operation, existing materials and resources, and on the data available to estimate the size and nature of the target population. The Country Profile Questionnaire developed in the PHEPA project could be used where applicable.
- Additionally, a **more general short alcohol situation analysis** is needed to be placed on the NDPHS data-base (www.ndphs.org). If such report(s) is/are already available through some other organization (e.g. WHO, NAD or someone else) only an appropriate link to this document would be needed.

2.4 OSH sub-group projects

- **OSH FLAGSHIP PROJECT:** Continuing 2nd phase of “**Occupational Safety and Health (OSH) in North-Western Russia**” with funding from Finland and ILO and proceeding into phase 3(2009-10);
- The SIHLWA OSH sub-group continues its efforts to launch a project proposal on the development of **OSH in the Public Transport Sector in the Baltic Countries**. Practical implementation of the new Partnership OSH strategy against Cardio-vascular (CVD) morbidity is one of the priority issues for this project, and it is strongly related to lifestyles and work. There is a great deal of space for preventive activities. Cardiovascular problems have increased rates in transport, and that workplace can successfully be used as a setting for preventive activities. Partners in this project need to be defined; Enterprises to be selected; Benefits from the project to be described →social marketing → healthy drivers, safe public transport. Also indicators need to be defined in order to be able to evaluate the results afterwards. Partnerships need to be established at the country level and a proper stakeholder analysis would be needed from each of the participating countries. The institutions/countries need to commit themselves to the preparation and implementation of the project. Preliminarily, prevention of CVD morbidity in road transport has been planned as a topic of the project, but e.g. prevention of alcohol problems is another topic around which the project could be built up.

3. Other activities:

Continued work on strengthening links with main partners (especially WHO-EURO, ILO/Russia, and national actors on NCDs and healthy lifestyles.

Strengthened collaboration with NDPHS Secretariat in Stockholm and in St. Petersburg (NCM Office).

Collaborating with implementors and updating SIHLWA projects in the new NDPHS data base (“affiliated projects”).

ALC (and possibly also for ADO and OSH?) Renewed and stronger efforts to create a structure to support monitoring alcohol policy issues and information exchange among NDPHS partners. ALC sub-group has made a similar initiative to NDPHS secretariat, but this initiative needs to be renewed and better followed up in 2009 to 1) Explore the possibility of developing thematic mailing lists and discussion groups to complement the NDPHS web site, 2) to enable SIHLWA members to stay in contact between the meetings and to speed up dissemination of information of interest to SIHLWA, and 3) Explore possibilities to support NordAN (through co-operation or co-funding) regarding its proposal to extend the coverage of www.nosam.net to NDPHS countries. It was considered that more effective dissemination of update information on alcohol policy-related developments would help the coordination and development of measures to address increasing alcohol use, notably by:

- Raising alcohol sales taxes;
- Limiting access to alcohol;
- Counteracting pressure on state alcohol monopolies;
- Restricting alcohol advertising;
- Introducing information about health effects on alcohol containers;
- Implementing strict drink driving policies;
- Enhancing monitoring and enforcement by the police to address alcohol-related crime and disturbance;
- Carrying out well-thought public education about alcohol;
- Implementing specific measures for young people.

4. Budget:

In order to be operational EG SIHLWA needs a secretariat consisting of Coordinating Chair and secretarial support, which has been provided through the Ministry of Social Affairs and Health/ Finland and Ministry of Health/ Lithuania. SIHLWA core administrative activities consist of organizing and reporting two expert group meetings per year, keeping contact with relevant bodies and organizations operating in NCD- and social wellbeing sector in the NDP area and providing support to project planning and implementation.

In 2008 the post for ITA under SIHLWA was accomplished. Presently ITA works on a part time basis(40%). It is important for SIHLWA that at least this input will continue in 2009.

As expenses of SIHLWA have been and will be accounted for separately under each funding agency, it is not possible to present a detailed itemized project proposal. Total expenses of SIHLWA EG to be fully operational in 2008 can be estimated to be about 140.000 €. Project implementation is not included under this amount.

SIHLWA Action Plan 2009 submitted by:
**NORTHERN DIMENSION PARTNERSHIP
 IN PUBLIC HEALTH AND SOCIAL WELLL-BEING (NDPHS)
 EXPERT GROUP ON SOCIAL INCLUSION,
 HEALTHY LIFESTYLES & WORK ABILITY (“SIHLWA”)**

			Al	Ad Ad Ad Al Al Al Al Al Os Os Os

B) WHERE DID THE MEETING SUCCEED IN ITS GOALS

- It was good that different EG groups were brought together (ADO1)
- There were explored possibilities for collaboration on cross-cutting [EG? and ..?..](ADO2)
- - (Ineta Vanaga/ALC1)
- The inventory of possible areas of collaboration with other EG:s. Moving forward with ALC subgroup activities (ALC2)
- if the main goal it was to start the cooperation the meeting was not sufficient, but it was a good start point; I would need more networking within the subgroup between meetings and with the other groups during the meeting (ALC3)
- It is the best meeting in case of reaching its goals. It was quite clear to understand what many speakers want to say (few exaptances). I think it is good in setting points for partnership between different groups.(ALC4)
- Collecting information as regards what is going on in the different regions. Gathering people with different expertise. Collaboration between Nordic and North-Eastern Europe.(ALC5)
- Summarizing on what has been done and refining the goals(ALC6)
- Experiences from the other countries (Irma Nool/OSH1)
- To establish active contacts between the groups in the field of cooperation. This can/should be expanded in the years to come (OSH2)
- - (Wiking?/OSH3)

C) WHAT COULD HAVE BEEN BETTER?

- The probable collaboration themes could have been prepared beforehand and more thoroughly discussed in the meeting. (ADO1)
- To organise work in mixed groups (others EG) (ADO2)
- The workshop of all EG (especially SIHLWA EG) was organised excellent
- - (Ineta Vanaga/ALC1)
- Allow for ad hoc meetings. For example include 2 hours per meeting for ad hoc meetings, physical exercise or just to enjoy the hotel facilities/hotel surroundings. Subgroup chair could have been much better prepared. Ineffectiveness of meetings is due to this. (ALC2)
- the subgroup discussion might have been better structured. the between groups discussion/networking could have been set up somehow (ALC3)
- It is always something could be done better. However I am happy with that meeting and information I have got here. (ALC4)
- I think that the meetings in the future could contain an “educational element”. You should invite outside experts to keep presentations with experience from the field or with research results. Is it any point that the same persons sit for many hours and speak about the same things? Some of the time could be reserved for this type of occasions, getting insights in “the actual” work, or new scientific results, rather than just reading/discussing documents. (ALC5)
- - (ALC6)
- Everything was OK! (Irma Nool/OSH1)
- Not much, but we can now – with the initial [?] contacts between the groups established – try other forms in the meetings – maybe for a session dividing all members of the groups on to subject teams, instead of group teams. However, it is strange that SIHLWA is organised in 3 groups – while prison and primary care are individual groups. –All 5 groups should always come together at the NDPH meetings. SIHLWA meetings (3 groups) alone, will be “amputated” in possibilities to activate results through cooperations (OSH2)
- The clash between the SIHLWA and the BSN meeting was a problem for the OSH group (Wiking?/OSH3)
