Title	Revised contents of the NDPHS Strategy
Summary/note	This document includes overall objective and cross-cutting objectives as approved at the meeting of the Committee of Senior Representatives on 24-25 April. The objectives are presented as they were revised at the CSR meeting – they are still under consideration .
Submitted by	ITA

Revised contents of the NDPHS Strategy 2014-2020

General background

Priority areas ([THE MOVE AS A PREAMBLE APPROVED BY THE CSR](#))

Working principles

Linkages with global and regional strategies and action plans

The NDPHS Strategy 2020 will have the following levels

- Overall objective
- Cross-cutting Objectives
- Objectives
- Operational targets and indicators
- Actions to reach the targets and achieve the objectives

OVERALL OBJECTIVE

The overall objective of the Partnership is to promote sustainable development in the Northern Dimension area through improving human health and social wellbeing.

[APPROVED BY THE CSR23](#)

CROSS-CUTTING OBJECTIVES

- Promote cross-sectorial action;
- Promote the inclusion of vulnerable groups;
- Promote health equity and social cohesion in all actions;
- Promote innovative approaches and technologies, such as eHealth

[APPROVED BY THE CSR23](#)

OBJECTIVES (as revised at the CSR 23 meeting)

Objective 1: Strengthened prevention and reduction of rates and impacts of HIV, TB and associated infections among key populations at risk, including prisoners.

Objective 2: Support the implementation of regional and global strategies and/or action plans to contain antimicrobial resistance through intersectoral efforts.

Objective 3: Increased awareness of unhealthy diet, physical inactivity, harmful use of alcohol and tobacco use, and strengthened support for Health-in All Policies approach and core interventions to address these lifestyle related risk factors for non-communicable diseases.

Objective 4: Established commitment to the agreed WHO voluntary global NCD targets and indicators for 2025, and actual progress of reduction of NCDs caused by alcohol, tobacco, unhealthy diet and physical inactivity.

Objective 5: Strengthen the health systems' response and promote multisectoral approaches to reduce social and health harm from alcohol, tobacco and illicit drugs.

Objective 6: Improve the health systems, including the integration and coordination of care at the primary care level, to adequately address health needs related to chronic illness and demographic changes.

Objective 7: Promote international and regional dialogue on migration and health, and adequate responses of health systems.

Objective 8: Strengthen occupational safety and health systems through addressing safety, workplace health activities and information systems.

Objective 9: Raise awareness and strengthen implementation of health related water quality activities in collaboration with the relevant actors in ND area.
