

Best practices on prevention of HIV and AI among children and youth at risk

Warsaw

Which best practices targeted at children and young people experimenting with drugs, migrant youth, children and young people involved or at high risk of being involved into commercial sexual exploitation are available in our region?

Available best practices in Warsaw area

- Program „Stacja”- program for youth over 18 at risk or working in sex business
- GPAS- street pedagogs working with „children of street”
- „Mierz Wysoko”- street pedagogs working with „children of street”
- „SKA Street”- program for sex workers
- Lambda Warszawa- meetings for new detected young PLHIV
- Polish Network for Drug Policy- school education on drugs program

Best practises include element of outreach work. Young outreach workers reach youth at risk in the areas where they spend their free time proposing alternatives and providing education on drug use and HIV/STI and others...

Needs

- **Best practises in the field of prevention amongst migrants are not available.**
- **There is no Youth Centres for „young people at risk”. The only one in Warsaw close to this formula is Program „Stacja”**
