

**Committee of Senior Representatives (CSR)
Twenty-eighth Meeting
Bonn, Germany
24 October 2017**

Reference	CSR 28/7/1
Title	Updating Action Plan accompanying the NDPHS Strategy 2020
Submitted by	Secretariat
Summary / Note	-
Requested action	Discussion and decision

Background

The current NDPHS Strategy was developed for the period until 2020. The NDPHS Action Plan accompanying the Strategy covers the period of 2015-2017.

During the CSR 27 meeting the NDPHS Secretariat presented document CSR 27/6.3/1¹ that lists detailed steps and timeline to revise the Action Plan accompanying the NDPHS Strategy 2020. During the discussion at the meeting some Expert Groups informed they would prepare revisions according to the presented proposal while others informed that they would not make any revisions in their respective parts of the Action Plan.

The CSR 27 invited those Expert Groups that would like to propose revisions in the NDPHS Action Plan to follow the timeline as proposed in the document CSR 27/6.3/1 as far as possible and submit the final inputs to the CSR meeting in spring 2018. The CSR decision does not specify whether those parts of the Action Plan with no revisions proposed would expire or continue until 2020.

Proposed further steps (for discussion and CSR decision)

1. Those Expert Groups that would like to propose revisions in the NDPHS Action Plan are invited to submit their final inputs to the CSR 29 meeting in spring 2018, one month prior the meeting;
2. Those parts of the Action Plan with no revisions proposed will continue until 2020;
3. The CSR 29 meeting in spring 2018 approves the Action Plan accompanying the Strategy covering the period of 2018-2020.
