9th Meeting of the Primary Health Care Expert Group

Recent developments in Primary Health Care (after October 2019)

*A draft Government proposition was sent for opinion to the council of legislation -
The direction for a proximit and accessible health care - a primary care reform*

*The definition of primary care should be changed so that
primary care is responsible for measures in the form of
medical assessment and treatment, nursing, preventive work
and rehabilitation that does not require special medical or technical
resources or any other special competence.*

*A new provision is proposed on what should be included in the primary care basic
assignment.*

*To support the reform an agreement has been reached between the Gov and the
SALAR*

Mission to the National Board of Health and welfare

- *Covid 19 risk factors*
- *Elderly care – Hospital care*
- *Rapidly expanded capacity for intensive care*
- *Preparing for rehabilitation after intensive care*
- *Burden of unmet need for care*

Management of patients with multimorbidity during COVID-19

- *Regions and municipalities*
- *National Public Health Institute*
- *National Board of Health and Welfare*
- *Health and Social Care Inspectorate (IVO)*
- *Swedish work environment Authority*
