

Dear colleagues,

Let me closure the 19(9) NCD EG Meeting with a great thanks you for the opportunity to carry-out it in the on-line format. We did not see each other, but we were able to see, in our correspondence, presentations, speeches, questions, comments, suggestions, the wishers for our joint work in 2020 and in the future. Our contacts and correspondence have not ended, they will continue, and if you have any new ideas for our joint work, we will be happy to them. Let's hope, that the coronavirus exhausts quickly, be over and we will have the opportunity to meet personally at the table during the next meeting in the fall. I wish you, your family, friends, colleagues, nations a good health! Goodbye and see you soon.
