
Providing support to implementation of the NDPHS Strategy (2020-2021)

Karolina Mackiewicz • 27 May 2020 • NDPHS CSR mtg

The global objectives* of the project are:

*Terms of Reference

To lift health and social wellbeing issues higher on the regional agendas, strengthen support and involvement of stakeholders in the NDPHS-facilitates activities and increase the visibility of NDPHS in the Partner Countries, both among the policy makers and civil society.

The activities should also contribute to the implementation of the NDPHS Strategy 2020.

The project has three activities

Activity 1

- Organizing a series of 5 NDPHS symposiums producing an evidence based policy brief/ report on the subject of the event
- Karolina Mackiewicz, Oguzhan Secir & NDPHS EGs & Secretariat

Activity 2

- Organizing 3 scientific workshops to support the PYLL (Potential Years of Life Lost Study)
- Karolina Mackiewicz, Stuart Morgan & NCD-EG

Activity 3

- Report on affordability and cross-border trade of alcohol in the Northern Dimension area
 - Karolina Mackiewicz, Ilkka Vohlonen, Jussi Kauhanen & ASA-EG
-

Activity 1

Specific objective of the Events:

- The objective of the NDPHS Series of events is **to bring different stakeholders together** to discuss some of the most pressing health- and wellbeing related issues in the Northern Dimension area.
 - The events should bring **policy-makers, researchers and relevant NGOs** representing civil society.
-

Activity 1 - Events

Five events to be organised:

The event will serve as a platform to:

- Harmful use of alcohol - Estonia (2021)
 - **Multimorbidity and ageing - Russia (2020)**
 - Healthy ageing - Finland (2021)
 - Pre-conference to the European Public Health Conference (2020-> 2021)
 - Seminar during the European Health Forum Gastein (2021?)
-

Activity 2

Specific objectives of the PYLL workshops:

- **To raise the awareness and understanding** among administrators and politicians of the power of the evidence-based measures against preventable threats to health
 - **To provide the administrators and politicians** with a better leverage for effective measures to improve the health of people.
- **Three regional workshops** in three countries after the results of the ND-PYLL2 study are available.
-

Activity 3

Specific objectives of the Report

- **To provide recommendations** to policy makers on evidence-based measures to reduce alcohol harm, with the long-term aim to promote local supportive environments, sustainable development and equality in health.
- Ongoing cooperation with the ASA-EG.
-

Next developments

1.1 Event on multimorbidity and ageing

August/September 2020 - online

1.2 Autumn event

Alternatives explored or delayed to 2021

2. PYLL workshops
