# Vision

***“The NDPHS’s vision is to lead the way to sustainable and inclusive societies with equal opportunities for good health and wellbeing for all in the Northern Dimension area throughout the life course.”***

## Mission

***“The NDPHS works together with people from the Northern Dimension area for the benefit of the wider public - in an effort to help improve human health and social wellbeing. As a network of equal Partners and leading experts in the field of health and social wellbeing, the NDPHS is a platform for intensifying cooperation, exchanging knowledge and experiences, enhancing capacity building and supporting evidence-based policy-making.”***

# Values

“The NDPHS highly values **social cohesion** and promotes health and wellbeing **for all population groups without discrimination**. The NDPHS activities strive for **improving the quality of life** by narrowing socioeconomic differences. Through advocating good health and wellbeing for everyone, decent work and reduced inequalities, the Partnership supports **sustainable development in the Northern Dimension area**.

The Partnership values a **practical and agile approach to working** where all Partners cooperate on an **equal footing based on trust and respect**. Through producing evidence-based scientific knowledge and policy advice, the Partnership **advocates informed decision-making** and **seeks to inspire further action and activities** in the strategic focus areas.”

## Next steps

We will send the latest draft of the Strategy **as soon as possible**, before the summer break.

Please send your comments by **10 September** (or as otherwise individually agreed).

The aim is to have the Strategy adopted by PAC **in November**.
