

## NCD EG

### **Success story of 2020**

- “A Healthy Boost – Urban Labs for Better Health for All in the Baltic Sea Region - boosting cross-sectoral cooperation for health and wellbeing in the cities”: implementation within participating countries (2019-2020)
- The project “PYLL-2-Study renewed for evaluation of trends in death rates from major causes in NDPHS Partner Countries”
- Two online working meetings

### **Ambition for 2021**

- Project “Northern Dimension Countries exploring ways to enhance their human potential inspired by updated analysis of premature losses of life (PYLL)” (FWC SIEA 2018 LOT 4: human development and safety net. EuropeAid/138778/DH/SER/multi: providing support to implementation of the NDPHS Strategy) – three online seminars in March, April, May (180 participants)
- Project “Toolkit to strengthen Health Literacy in the Baltic Sea Region” within NDPHS Grant Application – preparatory stage
- Project “The Art of Staying Healthy” and other projects

### **Call for action**

CSR members contribute to the implementation of projects, carried out by the NCD EG. If it is possible, to continue conducting meetings in both formats (online and face-to-face)
