### 1.2 SIHLWA technical management support

SIHLWA Expert Group due to its structure of 3 sub-groups has decided to have a **Coordinating Chairman** for the whole group. This position was held since the beginning of SIHLWA's existence by:

Dr Mikko Vienonen  
Consultant in International Public Health, M.D., Ph.D.

GSM: +358-50-442 1877  
Address: Sysimiehenkuja 1, 00670 Helsinki, Finland  
SIHLWA has so far never had an International Technical Adviser (ITA)

The *EG SIHLWA* consists of 3 sub-groups:

- Subgroup on adolescent health and socially-rewarding lifestyles
- Subgroup on alcohol
- Subgroup on Occupational Safety & Health

Each sub-group have their own functionaries

<sup>4</sup> for alcohol sub-group the Chair in principle was expected to be identified from WHO-EURO cosponsoring the subgroup. Temporarily since January 2007 the group was chaired by Mr Kari Paaso (former technical adviser on alcohol for WHO-EURO). In 2007 EURO was not able to select a successor for Mr Paaso. In the future the chairmanship is expected to return to WHO and Mr Paaso would continue as partner country nominee in the group.

<sup>5</sup> N.B. Mikko Vienonen had a double role in SIHLWA: In addition to acting as Coordinating Chair for the whole SIHLWA EG, he also was selected as Chair of the ADO sub-group.

<sup>6</sup> for OSH sub-group the Chair in principle identified from ILO cosponsoring the sub-group.

### **1.3 Financial resources for leadership**

Funding for SIHLWA half time coordinating chair (consultative basis) is provided by the MoSA&H/ Finland. Additionally, travel of SIHLWA functionaries to necessary administrative meetings (e.g CSR, Chairs and ITAs meetings, etc.) are covered by the Lead Partner. Also participants to SIHLWA expert group meetings are to some extent covered by the MoSA&H/ Finland budget allocation to SIHLWA, such as Finnish national experts' participation, and expenses of certain key-note speakers and some Russian participants.

Presently, SIHLWA leadership functions have been allocated directly from MoSA&H budget, and the Coordinating Chair has not been a "fund holder" of this allocation. It needs to be discussed in CSR as to how detailed the Lead Partners are willing to report on their budget and its implementation.

## **2. Partner participation in Expert Group activities**

In 2007 the 4<sup>th</sup> SIHLWA Expert Group met in Helsinki 29-30 May in Helsinki. All three sub-groups were present and altogether 37 persons attended. The report of the 4<sup>th</sup> SIHLWA meeting (as well as reports of all previous meetings) is available on [www.ndphs.org/meetings/SIHLWA](http://www.ndphs.org/meetings/SIHLWA).

The 5<sup>th</sup> SIHLWA meeting was planned to take place in December 2007, but the group decided to postpone it until February 2008 in Oslo. The reason for shifting the time was due to two big meetings which were organized at the end of 2007 with strong SIHLWA involvement, namely the pre-PAC meeting in Vilnius on 15 November on "Healthy Life – Healthy Work Partnership for health and safety" and the Nordic Council of Ministers' Chairmanship Conference in St. Petersburg 11-12 December on Promotion of Healthy Lifestyles, Work Ability and Social Inclusion. It also helps us to place the upcoming SIHLWA meetings in 2008 in a slightly more peaceful timing.

## 2.1 Participation of Partners in SIHLWA meetings

Partners are invited to nominate participants to the biannual SIHLWA meetings, always without exception bringing together all three subgroups. It would be very important to have all Partner Countries and relevant organizations do this nomination. So far no country has officially indicated that they would not be interested to participate, so we keep sending information and invitations to all.

In the attached table one can see the present situation after four SIHLWA meetings, aiming to illustrate how different partner countries and organizations having sent their representatives to previous SIHLWA meetings (1<sup>st</sup> Stockholm, 2<sup>nd</sup> Helsinki, 3<sup>rd</sup> Vilnius, 4<sup>th</sup> Helsinki)

[N.B.: for specialized organizations it may be logical to be selective regarding sub-group participation, although some reasons would also support flexible participation to all SIHLWA sub-groups, as well.]
